

Community of care

Point32Health

Highlights from our
2022 Corporate
Citizenship Report

“Being a good corporate citizen means being relevant to communities, being centered in what matters to our region and learning from those closest to the issues. We are inspired by community-led solutions that address health disparities and advance health equity for everyone.”

Cain A. Hayes
President and CEO

What we value

**Own outcomes. Build community.
Embrace learning. Grow together.**

Our shared values guide our business practices, products and services, and community engagement.

WE OWN OUTCOMES

Prioritizing health equity

We are working to achieve healthy equity by ensuring access to high-quality, affordable health care to give everyone the opportunity to attain their full health potential.

Innovating for environmental sustainability

- 14 free high-voltage electric vehicle (EV) charging stations at our Canton office reduced emissions by 12,611kgs
- 47% reduction in regional office footprint
- Efficient lighting, ventilation and temperature reduce energy on our campuses

Our Foundation's work | Grant highlights

140+ nonprofit organizations received nearly \$8M in grants from Point32Health Foundation in 2022

\$1M to 12 nonprofit organizations advancing social and racial equity by amplifying diverse voices and eliminating systemic barriers

\$700K to seven food banks in the region to respond to the growing community need for emergency food support

More than **\$900K** to three nonprofits collaborating strategically with local partners in Maine, N.H. and R.I. to advance thriving age-friendly communities that offer engagement, resources and support as people age

\$1M to the five state chapters of the National Alliance on Mental Illness to respond to each state's unique behavioral health needs

WE EMBRACE LEARNING

Investing in research

Our 30-year partnership with the Harvard Pilgrim Health Care Institute drives innovative research into health care delivery and population health, including an Ethics Program that convenes key stakeholders on challenging topics

Catalyzing innovation

Ground-breaking ideas get funded through the Innovation Challenge, sparking new ways to improve health outcomes and affordability

Taking a stand

We are engaged in issues that matter to our colleagues and communities – from advancing diversity, equity, inclusion and accessibility to closing the gender wage gap to driving economic impact for diverse businesses

WE GROW TOGETHER

Prioritizing improved health outcomes for members, we proactively seek collaborations across the health care ecosystem that leverage emerging technologies and innovations. Examples in oncology, chronic disease management and behavioral health challenge current thinking and have the potential to revolutionize the standard of care.
