Building healthier communities

Our Foundation works with the community to support, advocate and advance healthier lives for everyone. These are some of the community organizations in Connecticut that received support from our Foundation.

- **Alzheimer's Association of Connecticut** for advancing public policy to ensure equitable access to education, care and support for underrepresented and underserved populations and other communities
- **Connecticut Coalition to End Homelessness** for supporting the Coalition's role as a backbone organization for the state's collective impact initiative, Connecticut CAN End Homelessness, to advance policy and system change for an effective homeless response system and to ensure safe, affordable housing
- **Fairfield County's Community Foundation** for building capacity of community leaders and residents through organizational development and peer-support network
- **CitySeed** for engaging the community to create an equitable local food system that promotes economic growth, community development and sustainable agriculture, and for supporting a food business incubator to help farmers and entrepreneurs create value-added food products
