

Foundation learning and evaluation questions

1. What were the **highlights** of your year? Share how your work impacted the **people, organizations, and communities** you serve.
2. How did the grant support your **organization's goals and work**?
3. What **challenges, opportunities, or other lessons learned** did you experience last year?
4. How are you influencing any **systems level changes and/or process improvements in your work**? *This could include relational change (trust-building, community voice, partnerships/collaboration, storytelling, influencing conversations), structural change (policy change, convening, systems planning/strengthening, infrastructure changes) and transformative change (mindset shifts, narrative change, new models/practices, long term culture change or movement building)*
5. How did **community voice inform and/or impact the outcomes** of your work? Where would you place these activities along the continuum of community engagement below?

6. What are the **strategic questions** (large or small) you are wrestling with right now?
7. Did this grant help **generate additional resources** (financial or non-financial)?
8. What can the Foundation **do better or differently** (beyond funding)?
 1. *Are there any specific funders you'd like us to talk with or connect you to?*
 2. *Are there any specific communications support we can provide? Or something we can amplify?*
9. Is there **anything else** we didn't ask that you want to share? Do you have any **questions** for the Foundation team?
